Past President, Deutsche Gesellschaft für zahnärztliche Implantologie (DGZI)  
Honorary President, Deutsche Gesellschaft für zahnärztliche Implantologie  
Past President, International Congress of Oral Implantologists (ICOI)  
Associate Professor, Department of Oral and Maxillofacial Implant  
Surgery, School of Medicine, University of Lille, France  
Dr. h.c., Faculty of Dentistry, University of Istanbul

#### **Fixed vs Retrievable Implant Prosthodontics-Evaluating the Indication**

Unsuitable, improper prosthodontics are in most cases the cause for an implant failure. Special deficiencies will be discussed which can occur even if all conventional prosthetic principles have been followed.

The author will give examples in which cases patient-retrievable, dentist-retrievable or fixed cemented constructions are indicated.

**Guadalajara, Mexico**

University of Guadalajara  
College of Dental Surgeons, Guadalajara  
Fellow, Diplomate, International Congress of Oral Implantology

#### **Implant Reconstruction with 27 Osseointegrated Implants**

The author will present a clinical report and the supporting rational of implant reconstruction based on utilizing a maximum number of implants.

#### **Schedule of Lectures-Friday, June 17, 1994**

##### **Gallery Room**

4:30 pm-4:50 pm

Dr. Jamees C. Shu, Taiwan, R.O.C.  
Reconstruction of a 15-Years-Old  
Oligodontia Patient

4:50 pm-5:10 pm

Dr. Georg Arentowicz, Germany  
Computer-Supported Evaluation of Radiological  
Results in Pre-operative Diagnosis

5:10 pm-5:30 pm

Dr. W.P. van der Schoor, The Netherlands  
The Abutment/Implant Connection

5:30 pm-5:50 pm

**Dr. Eduardo Topete, México**  
**Implant Reconstruction with 27**  
**Osseointegrated Implants**

5:50 pm-6:10 pm

Dr. Tse Jung Ho, Taiwan, R.O.C.  
Overdenture Supported by 2-Stage Threaded  
Implants with Magnets
